

easy candle

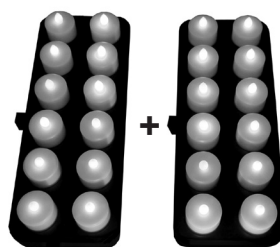

MANUAL Model MP-12

Charging instructions:

1. Insert the male power supply into the female charging base receptacle. Plug the power supply into the socket.
2. **Make sure the on/off switch at the bottom of the candles is in off-position. The red indicator light on each candle will illuminate when charging.**
3. The charging time is 8 hours.
4. The indicators light on each candle will turn green when the candles are fully charged.
5. Switch off the plug.
6. The candles are now ready for use!
7. **Important: Each candle has electronic overcharge protection. You can leave the candles on the charging base for 24 hours without damaging the candles, but you should not store the candles on a live (plugged-in) charging base for extended periods of time.**

Convenient clicking system!

With the MP-12 you may connect 2 charging stations together with the use of just one single adapter.

Important: Failure to follow these instructions voids the manufacture's 1 years guarantee!

1. Easy Candle batteries should be charged before use.
2. Use only the power supply provided in this package with the charger unit. Failure to do so will permanently damage the charger unit. Easy Candle is not responsible for failure if you don't follow the instructions.
3. **The product is designed to link a maximum 2 charging units (24 batteries) on one power supply.**
4. If you are not using the Easy Candles for at least 4 weeks, take care to store them fully loaded and with the 'on-off' button switched 'off'. During long term storage the battery should be charged and discharged once every 3 months.
5. When using a new battery for the first time or after a long storage, please fully charge the batteries before use.
6. Do not incinerate or mutilate batteries as it may burst or release toxic material.
7. Do not subject batteries to adverse conditions such as extreme temperature, excessive overcharge/ discharge.
8. When you see that the power of your batteries is running down, switch off the device to avoid overcharge.
9. Store the batteries in a cool, dry place.
10. The Easy Candles are suitable for indoor and outdoor use. Please note that the candles are splash proof, but not waterproof.
